Expo & Event Logistics

KUEHNE+NAGEL

Turning your event into a genuine occasion

Kuehne + Nagel has a world-class reputation that is built on over 125 years of experience, integrity and the highest standards of customer satisfaction.

Expo & Event Logistics is a special division of Kuehne + Nagel with logistics experts in 20 countries, highly experienced in providing a full range of specific services to event organisers and exhibitors alike. We serve over 1,000 different fairs and exhibitions worldwide via our own organisation and a global network of trusted partners.

Our experts provide tailor-made transport and sophisticated on-site logistics solutions that are fully focused on ensuring that your most challenging projects become worldwide success stories.

We fully understand the ever-changing complexities of arranging exhibitions and events, and also the obstacles and regulations associated with handling the type of freight involved in events and exhibitions. We are specialised in

handling complex itineraries and time-critical schedules, forwarding all manner of cargo to domestic and international destinations – all with the highest degree of critical planning, coordination and implementation. Meeting tight deadlines and the constraints imposed by venues is second nature to us, as is the carrying out of services such as document processing, customs brokerage and insurance.
