

Your Hotel Room In a Box

KNRoomReady

Hotel Logistics

PEACE OF MIND, WHEN YOU NEED IT MOST

Opening the door of a luxury hotel sounds simple enough -- until you are part of a team preparing to open it for the very first time. Turning a building site into a new hotel or leisure complex is one of the most demanding jobs in the business, and that's why the smartest hotel and hospitality chains are increasingly turning to Kuehne + Nagel, whose renowned Hotel Logistics specialists provide innovative supply chain solutions designed specifically for the hospitality industry.

We understand the last-minute pressure on your OS & E (operating supplies & equipment) needs, and are delighted to announce the launch of KN RoomReady, a smart and innovative solution aimed at a key OS & E pressure point – ensuring you have everything in place to equip a room, ready for your first guests.

YOUR HOTEL ROOM IN A BOX

KN RoomReady manages the entire process for you. After careful consultation, Kuehne + Nagel will not only take delivery of the numerous articles and hold them in secure KN warehouses, but will package them into individual boxes on a room-by-room basis. We will deliver each box to any location requested: the hotel door, into storage, or even to individual rooms, ready for hotel staff to unpack and place the items. We can even do this for you by offering our optional, specialist 'white glove' service.

KN ROOMREADY BENEFITS INCLUDE

- Less pressure on opening teams
- Easy access to data for inventory monitoring
- Limitless customisation to ensure your boxes fit your precise, unique needs
- Greater efficiency from picking & packing in dedicated warehouse, away from busy hotel environment
- Convenience of flexible delivery, even direct to room if required, with optional white glove service
- Environmentally friendly: we collect and recycle waste if requested
- Cost savings from reduced work for on-site staff
- Specialist logistics provider means less loss and damage

HOW IT WORKS

With KN RoomReady, we move beyond simple bulk-delivery of products. We like to describe our pioneering new product as 'your hotel room in a box' because we collate and package every item on a room-by-room basis using one ingenious, configurable carton that scales up in size to match the needs of the room.

We start by talking to you to get a full understanding of your requirements. This includes details of:

- Individual items and quantities
- Suppliers
- Combinations of products for each room
- Required hotel delivery dates and required location

Kuehne + Nagel then moves into action:

- The products arrive in bulk at our warehouses.
- After checking, scanning and storing, all data is logged for you to monitor through our web-based KN Login tool.
- Storage for up to 3 months as standard.
- We pick & pack the items room by room, combining them in custom-configured disposable trays within a single box. Our specially designed cartons and trays will scale as needed.
- Includes fragile/valuable goods e.g. glass and electronics.
- We deliver your KN RoomReady boxes as instructed, even to individual rooms. We can even unpack and place items.
- If required, we collect discarded packaging for recycling.
